OPPORTUNITIES TO CONTRIBUTE

In order to receive funding and grants to help the growth and promotion of Soo Bahk Do Moo Duk Kwan, the Foundation needs your help. We would like to formalize and create programs to better structure and present the values of the Moo Duk Kwan to the general public. These programs will be presented to grant writers and corporations to help acquire the funds we need to promote our Martial Art, and make it more visible in our local communities. Many of you have already implemented these types of programs in your Do Jang, and we are asking you to assist us in developing these ideas further on a national level so all interested studio owners can offer these programs as well.

Please contact the 501c(3) Foundation Board of Directors (board@soobahkdofoundation.org) for more information on how you can be part of this important project.

We thank you for your support and look forward to the great opportunities that will be offered by this Foundation.

CAMPAIGNS

Foundation campaigns are long-term initiatives that encompass many different fundraisers and events over an extended period of time, which are focused on supporting a high-level Foundation cause and purpose. Below is a list of our current campaigns:

▶ **Be The Change In A Life**

Helping to change a life with your donation can be as easy as dropping your pocket change into a collection jar or remitting your donation to the Foundation. While your donation may seem small by itself, when added to thousands of others from generous donors across the nation, the results can be overwhelming.

- Funds are available for new/interested or current members that cannot afford Studio Tuition Membership, Federation Membership, Testing Fees and/or Educational Items from the Federation.

▶ **Founder's Memorial Scholarship Fund**

Honoring the Founder of the Moo Duk Kwan and all members that have passed who have contributed to the growth of our Art, the Foundation will offer Scholarship Awards to attend Federation sponsored events such as the National Festival and Moment with the Masters.

▶ **Foundation's Fundraising Support**

The Foundation will support Studio Owners and/or Regional Officials who are interested in initiating a Fundraising activity run through the Foundation for the tax deductible opportunity.

▶ **There Is Only One Moo Duk Kwan**

In an effort to preserve the identity of the Moo Duk Kwan, the 501(c)(3) FOUNDATION stands ready to receive tax deductible donations from participating members as well as altruistic members, parents or businesses who may be unable or ineligible to attend or participate in Soo Bahk Do events, but who still desire to extend their support for our Art and its values because someone asked them to do so in order to ensure the Moo Duk Kwan thrives for years to come.

Please contact the Foundation to learn more about the qualification and distribution of these funds.

MISSION

“Empowering individuals to improve human relations by avoiding conflict to achieve harmony among all people. “

The mission of the Foundation shall be to directly or indirectly further and encourage the study, the practice, and the growth of public recognition of the Soo Bahk Do® Moo Duk Kwan® martial art system as licensed to do so by the United States Soo Bahk Do Moo Duk Kwan Federation, Inc. The Foundation will do so by hosting educational seminars and events, distributing educational materials, literature, videos, etc. obtaining grants, soliciting donations, and other revenue sources that fund, through scholarships, donations and grants, or directly conduct community programs and cultural and educational activities to promote the Soo Bahk Do® Moo Duk Kwan® martial art system and its philosophy of conflict prevention, improving human relationships and moving toward world peace and harmony among all people.

FORWARD-LOOKING

The main motivation of the Foundation is to generate a stable revenue stream through donations and grants that will allow us to extend the reach of the Moo Duk Kwan by funding programs that would encourage the creation of training opportunities and education in areas where there is need.

To do this the Foundation will be developing a marketing strategy that will appeal to grant writers and corporations to help acquire the funds we need to promote our Art and increase public awareness and participation.

We are excited about the Foundation's potential to strengthen the Art and reach out to as many people as possible.
